

SUMMARY OF INTERVIEW

Applicant thanks Examiners Jonathan C. Schaffer and Joseph Mancuso for the interview granted to Applicant's Representatives, Mincheol Kim and Hochan Song, on April 10, 2007.

Exhibits and/or Demonstrations

None.

Identification of Claims Discussed

Claim 23-47.

Identification of Prior Art Discussed

Daugman (U.S. Patent No. 5,291,560) and Daubechies et al. (Image Coding Using Wavelet Transform, IEEE Transactions on image processing, Vol. 1, No.2, April 1992).

Proposed Amendments

- Applicant's Representatives did not propose claim amendments.

Principal Arguments and Other Matters

- Applicant's representatives explained the invention; and
- Applicant's representatives discussed with the Examiners regarding the amending Claim 23 to incorporate the features in one or more dependent Claims, for example, Claim 34.

Results of Interview

The Examiners and Applicant's Representatives agreed that:

- If Request for Continued Examination with the proposed amendments is filed, the first office action will not be made final.
